## CUT 3000

## HIGH STEEL RULE CUTTER MODEL CT30 SERIES

テコの応用により、少ない力で刃材を切断でき、切断後の刃先のダレは生じません。 刃材の高さ (30mm  $\sim$  100mm) に応じて、

ハンドル操作一つでマナ板の位置調整が簡単にできます。

It offers the cutting with less power by lever action and  $\,$  prevents the distortion after the cutting. It is easy to adjust the  $\,$  steel rule guide with one operation corresponding to the height from  $\,$  30mm to  $\,$ 100mm.
